## PROFESSIONAL SUMMARY SUMMARY

---

Eyoel Mekonnen: Software engineer specializing in back-end development at ALX. M.Sc. in Geoinformatics Engineering (4.0 CGPA). Basic understanding in algorithms, data structures, and web development. Developed facial recognition attendance system. Strong in peer learning and community building.

## INTERNSHIP HISTORY

---

### African Leadership International Limited

Outcomes Reviewer | October, 2023 - December, 2023  
Assess ALX Alumni's career status.

### COMPASS AEPED PLC

GIS Data Collector and Analyst | September 2019 - July 2020

- Encoded urban data for Jigjiga (Structural Plan Development) and Bahir Dar city (Modern street addressing system) development projects.

## EDUCATION

---

### Certificate, Software Engineering, ALX Holberton College

- May, 2023 - Present

Masters of Science, Geoinformatics Engineering, Adama Science and Technology University  
September, 2021 - July, 2024

- Graduated with Highest Honor and GPA of 4/4

Bachelor of Science, Geomatics Engineering, Adama Science and Technology University  
September, 2015 - December, 2020

- Graduated With Honors, Major GPA 3.91

## SKILLS

---

- Leadership | Ability to work under pressure | Fast Learner | Communication Skills | ORM Database | Webserver | Backend Engineering

## EXTRA-CURRICULAR ACTIVITIES

---

- ALX Tebiban Member | Volunteer C programming Mentor at ALX
- Producer at Qena TalkCast

## PROJECTS

---

- Facial Recognition Attendance system Web Application | Custom simple shell Using C

## LANGUAGES

---

- English - Highly Proficient
- Amharic - Native Speaker
